- Garden maintenance services

LANDSCAPING

LANDSCAPING

WHAT WE DO

We specialize in the professional installation and establishment of high-quality lawns tailored to various environments.

Our services include:

- Installation of new lawns
- Lawn establishment using sod, sprigs, and seeds
- Residential and commercial lawn projects
- Sports field construction and development
- Parks and golf course landscaping

WHAT WE DO

LANDSCAPING

Landscaping has the power to transform any environment—blending aesthetics, nature, and functionality to create refined outdoor spaces tailored for modern living.

At Al Bustan Agricultural Company, we design and deliver exceptional landscapes with professionalism and passion, enhancing both the beauty and value of every property.

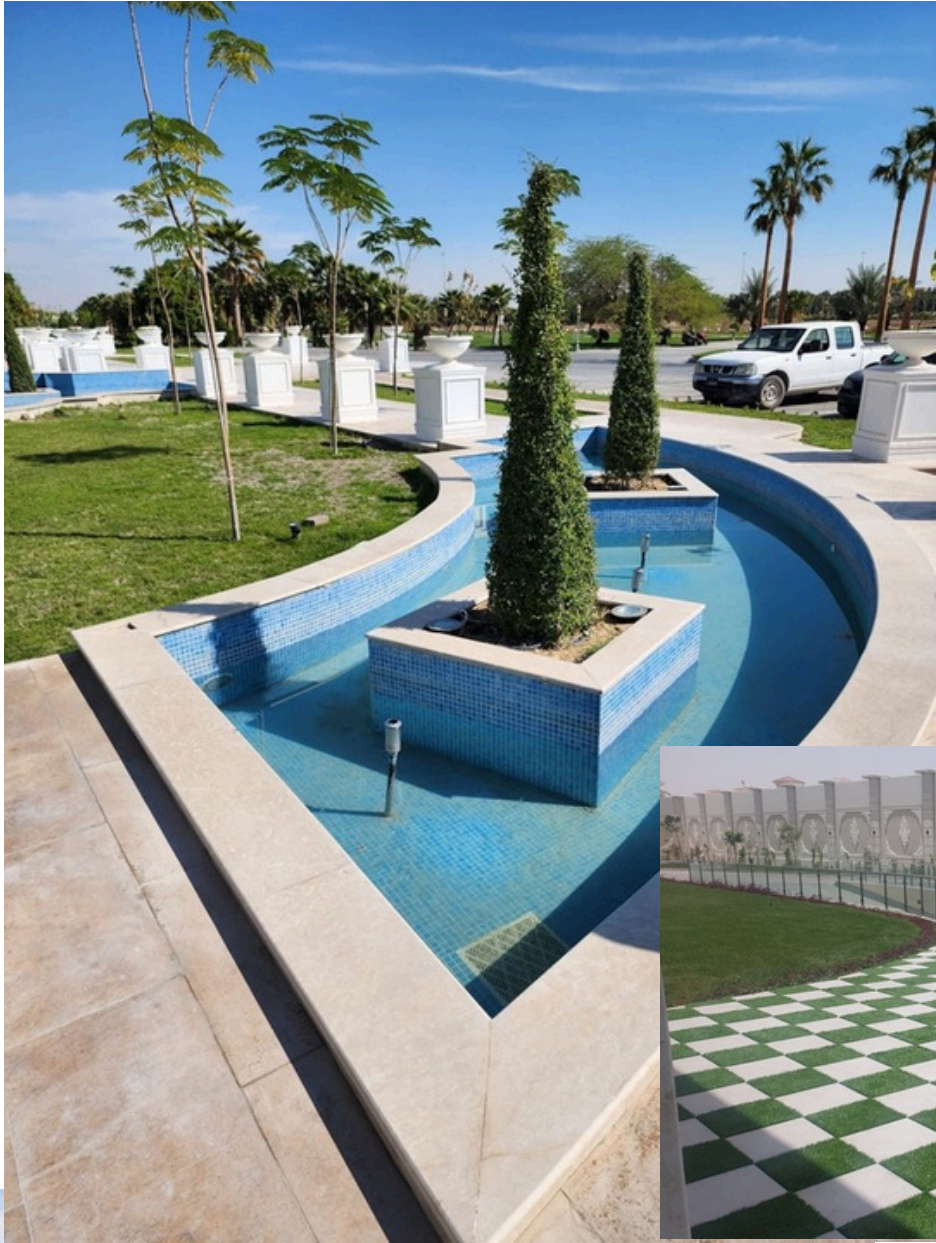

We specialize in:

- Landscape design and execution
- Parks and sports ground development
- Commercial landscaping
- Residential landscaping
- Landscape installation and maintenance

Our flexible and client-focused approach allows us to provide customized landscaping solutions that meet the highest standards of quality and creativity.

WHAT WE DO

Hard landscaping refers to the structural and architectural elements used to enhance outdoor spaces through durable construction materials.

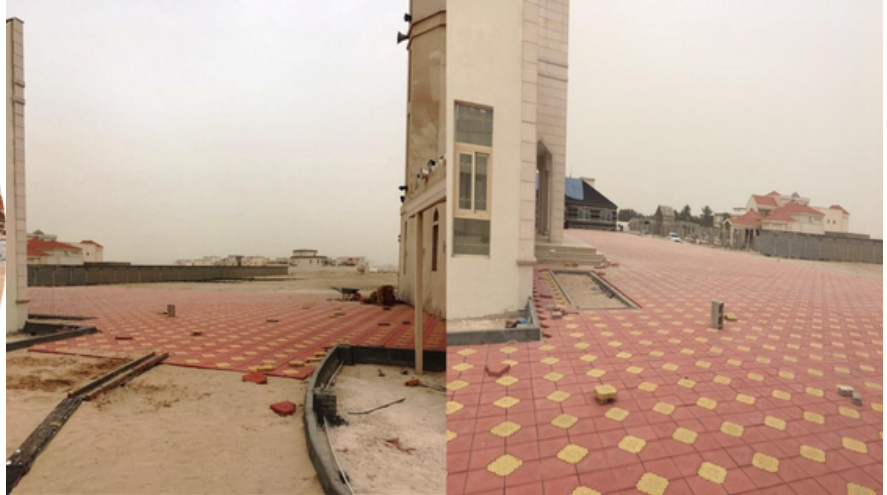

Our expertise includes:

- Pattern paving and decorative stone work
- Installation of bollards and outdoor fixtures
- Supply and installation of playground equipment
- Custom-designed outdoor furniture
- Development of recreational and public spaces

We deliver tailored hardscape solutions across a wide range of environments, including residential communities, commercial properties, and public recreational areas.

HARD LANDSCAPING

WHAT WE DO

At AlBustan Agricultural Company, we provide fully integrated irrigation solutions, covering design, procurement, installation, and commissioning of both manual and automated systems.

Our expertise spans across residential, commercial, sports, and agricultural sectors, ensuring efficient water management and sustainable performance.

We also specialize in the supply and installation of complete pump and reservoir systems tailored to project requirements.

Our irrigation solutions include:

Drip and sprinkler systems

Center pivot and lateral move systems

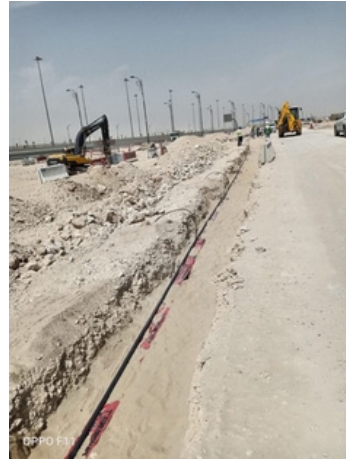

- Manual and automated irrigation systems
- Rainwater harvesting systems and dust suppression solutions
- Irrigation for sports fields, golf courses, and equestrian arenas
- Residential, commercial, and large-scale agricultural systems
- Irrigation travelers and self-propelled water cannons
- Sludge and effluent irrigation systems
- Pole-mounted overhead irrigation
- Misting systems for plant propagation

IRRIGATION

Irrigation networks of Al Khor Coastal Road

WHAT WE DO

HYDROSEEDING/REHABILITATION

We provide advanced hydroseeding and land rehabilitation solutions designed for efficient vegetation establishment and erosion control.

Hydroseeding is an effective alternative to traditional seeding methods, particularly suitable for large areas and challenging terrains such as steep slopes and uneven landscapes.

Our approach ensures fast application, uniform coverage, and rapid germination results.

Key benefits of our hydroseeding services:

- Effective erosion control for construction sites
- Ideal for slopes and difficult terrains
- Rapid coverage of large areas
- Faster and more consistent germination

In addition to grass seeding, we offer a selection of low water requirement plants, ground covers, and creepers for sustainable and visually appealing landscape solutions.

WHAT WE DO

At Al Bustan Agricultural Company, we offer a comprehensive range of high-quality products and integrated services designed to support landscaping, agricultural, and infrastructure projects of all scales.

Our solutions are tailored to meet the highest industry standards, ensuring efficiency, durability, and exceptional results.

Our offerings include:

- Supply of topsoil, compost, and lawn dressing
- Playground and recreational equipment
- Sports equipment and professional line markings
- External and outdoor furniture solutions
- Landscape design and full project execution
- Hard landscaping works
- Civil engineering services
- Bulk earthworks and land preparation
- Road construction and infrastructure works
- Topsoil screening and soil preparation
- Paving and kerb stone installation
- Fertilizer supply and application
- Seasonal treatments and lawn care programs
- Irrigation system design and installation
- Laser leveling and precision land shaping

QUALITY ASSURANCE

At AlBustan Agricultural Company, quality is at the core of everything we do.

We source all materials from trusted, certified suppliers who meet recognized industry standards, ensuring durability and consistent performance.

To provide complete peace of mind, we maintain comprehensive insurance coverage, including public liability and contractors' all risk.

COMMUNITY SOCIAL RESPONSIBILITY

We are committed to supporting our community through skills development and workforce training.

By empowering individuals and nurturing local talent, we contribute to sustainable growth and long-term opportunities.

WHY CHOOSE Al Bustan

KNOWLEDGE & EXPERTISE

With extensive industry experience, we bring deep knowledge and technical expertise to every project.

Our team delivers innovative, forward-thinking solutions, utilizing the most suitable materials and plant selections to achieve outstanding results.

SERVICE EXCELLENCE

We are committed to delivering on our promises with transparency and professionalism.

Our client-focused approach ensures clear communication, reliability, and confidence throughout the entire project lifecycle.

QUALITY COMMITMENT

We have built our reputation on delivering uncompromised quality.

At Al Bustan, we never sacrifice quality for quantity—ensuring every project meets the highest standards of excellence.
